## Languages

- English
- Hindi
- Oriya

I want to work in an organization which offers professional growth while being resourceful and flexible. With a Master of Commerce from Government Autonomous College, Rourkela, my journey in logistics and supply chain management at Dalmia Cement Bharat Ltd. began in November 2021. I am having experience in Primary Logistics and also specialized in optimizing systems like SAP Sales and Distribution module & PLMS (Plant Logistics Management System) to ensure timely delivery and operational efficiency. My good customer relationship skills which helped me to streamline plant logistics. This blend of academic knowledge and practical expertise underpins my contribution to maintaining company's supply chain excellence.

## Work History

### Logistics Associate
