Curriculum Development

Classroom Management

Hospital Management

Dynamic and results-oriented professional with extensive experience in community health management, social welfare, and academia. Adept at leading community health initiatives, managing social welfare programs, and delivering high-quality education. Demonstrates a proven track record of developing and implementing effective health and social welfare programs, enhancing community well-being, and fostering academic excellence.

As a **Community Health Manager**, I have successfully led various health promotion and disease prevention initiatives, improving community health outcomes through strategic planning and collaboration with stakeholders. Skilled in program evaluation, resource management, and advocacy, with a strong focus on evidence-based practices and community engagement.

In my role as a **Social Welfare Manager**, I have managed and optimized welfare programs, ensuring the delivery of essential services to underserved populations. My expertise includes policy development, case management, and interagency coordination, contributing to improved social support systems and client satisfaction.

As an Assistant Professor, I have demonstrated a commitment to academic excellence, delivering engaging coursework and mentoring students in public health and social work. My background includes research contributions, curriculum development, and a passion for fostering an inclusive and stimulating learning environment.

Combining strong leadership, analytical, and communication skills, I am dedicated to advancing community health and social welfare initiatives while contributing to academic and professional growth.
